Edition 1
April 2020

Brown Deer Public Library
4301 W. Brown Deer Road
Brown Deer, WI 53223

This is not a comprehensive bibliography, but rather a compilation of classic and current series, which feature a male sleuth. Most of the titles in this bibliography can be found arranged alphabetically by author at the Brown Deer Public Library.

 We have added lines in front of each title, so you can keep track of the books and authors you read. We have also included author website addresses and unique features found on the sites.

In the future, this symbol will indicate a series new to the edition. But this time they're all new!
